HOT TIME IN OLD VIENNA

Students Following the Example of the Reichsrath

CLOSED THE LECTURE ROOMS

And Ran Off the Professors—All Because They Want to Wear German Badges.

By Cable to THE TELEGRAM.

Vienna, Feb. 3—Hundreds of students invaded the lecture rooms of the University of Vienna this morning and indulged in riotous demonstrations against the ordinance which forbids German students to wear badges at Prague. The rioters prevented the classes from pursuing their studies and compelled the professors to withdraw from the room. The polytechnic is closed for the week.

Had Never Changed Hands.

Two shares of stock in the North Carolina Railroad, issued August 4th, 1854, to James N. Millis, of this country, were today purchased by Mr. James H. Pou, of Raleigh, at \$1.20. This stock had never changed hands, and Mr. Pou showed a Telegram man the first and original certificates for these two shares, which have just come into his possession.

Mr. Pou's wife is a grand daughter of Mr. James N. Millis, to whom the certificate was issued. The estate of the old gentleman is just being wound up, and Mr. Pou being struck with the fact that this stock had remained in the same family since it was originally issued, purchased it just to keep it in the family.

It's Now Postmaster Glenn.

The Greensboro postoffice was formally turned over to the new postmaster, Tyre Glenn, this afternoon. The retiring postmaster, James W. Forbis, goes out with the knowledge that his administration has been acceptable.

He turns over the office to Mr. Glenn in good condition, and we hope that under his administration, the people will have no more cause for complaint than under that of the retiring postmaster. Mr. Forbis goes out with the praise of the community as having made an efficient, courteous and accommodating official. Mr. Glenn has the esteem of the people generally, and will make an acceptable postmaster.

The Band Concert.

The Veteran Corps Band and Orchestra, of Baltimore City, will arrive here from Wilmington tomorrow evening and this splendid company of 30 people, will give the people a chance to hear one of the most famous and popular music attraction in the United States. They delight the people wherever they go with their clean and popular music. If you fail to see Miss Daisy Ogden, the child cornetist that takes the people by storm whenever she goes, you will regret it when it is too late. The price is 25, 50 and 75cts. Tickets at Gardner's drugstore.

North Carolina Banks.

Col. Olds writes the Observer: The state treasurer this afternoon issued a bank report for North Carolina, covering 40 states, 16 private and 6 savings banks. It shows \$2,564,000 capital paid in, \$361,000 surplus, \$335,000 undivided profits, \$8,788,000 deposits subject to check, \$4,639,000 losses.

The treasurer also makes a report of the state debt, showing that it is \$3,366,000 in 4 per cents. and \$2,730,000 in 6 per cents.

Literature in the West.

Our valued contemporary, the Minneapolis Tribune, which attributes "Don Quixote" to Scott, continues its original and fascinating researches. It has discovered "Letitia Elizabeth Landon," "Mary Russell Melford," "William and Mary Howell," "Macaulay" and the "Hon. Mrs. Newton." We await with pleasant anticipations the discovery of Olivia Wendell Sherlock, Mary J. Holmes and Robert Byrnes.—N. Y. Sun.

Skaters Out.

All day parties of skaters have been making use of the brief opportunity for skating. The lake out at the water works was the scene of their festivities and the skating was reported to be excellent.

It is said that about 18,000,000 bunches of bananas are consumed in the United States annually. Now if some one would only figure out the number of coal holes in the sidewalks of the country.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Feb. 3, 1898.

The library of the Graded school is by no means dominant. It is active, it is growing; active in that a great number of books are being read by the students and their silently influencing their lives as well as storing away information; growing, in that occasionally donations are received. Twenty-seven volumes were added last week, a number of them were pedagogical books, thus making it a valuable contribution.

About the first of March some of the higher grades of the school will give a play in the opera-house for the benefit of the library. It is hoped that everybody will be interested in the exercises and help to make it a success. In the meantime any books or money will be gladly received.

The third grade class room of the Graded school has been adorned with pictures of Washington, Franklin, Penn and several landscape views. Miss Nettie Matton, the competent teacher, together with the scholars have taken great pride in beautifying the room.

Manager Hoffman of the telephone exchange is distributing handsome calendars today. Mr. Hoffman says that the work will commence on the telephone line between High Point and Greensboro as soon as the weather permits.

Messrs. D. N. Welborn and E. O. McMakin are visitors in the City of Flowers today.

A large crowd went out skating yesterday. Cy Wheeler and Marvin Jordan had the misfortune to break through.

A new coach has been added to the Asheboro road for the comfort of the traveling public.

Chief Bennett has sold out his beef market to Henry Bundy.

Walter Willey a former resident of High Point but now of Marion is here for a few days visit.

REV. JOHNSON DELIVERS ANeloquent ADDRESS AT WINSTON

Pythians Will Celebrate—Filling Ice Houses—Going to Indiana to Live Ice Three Inches Thick.

Special to THE TELEGRAM.

Winston, N. C., February 3.—The Christian Endeavorers celebrated the 17th anniversary of the National Union last night, at Calvary Chapel.

The celebration was most interesting. Rev. T. M. Johnson, of Greensboro, delivered the address, an exceedingly fine effort receiving close attention, and great appreciation from the audience of members and friends in attendance upon the meeting.

The Salem Lodge No. 56, and Damon Lodge No. 41, of the Knights of Pythias are making preliminary preparations to celebrate with the 19th anniversary of the order, on February 19. An interesting programme is being arranged.

Ice houses are being filled here with very fine ice, on account of the cold weather.

Two families and twenty-three children arrived here last night from Indianapolis, returning to Davie county. They left here six months ago with the intention of making Indiana their home. For some reason they returned to the Old North state, presumably because it's the "Onset" state in the Union.

W. H. Morgan and wife left here this morning to make their home in Union City, Ind.

Captain Hawkins says all up the road they are digging holes in the ground and piling in ice three inches thick, and clear as crystal.

"A Bachelor's Wife."

Tonight the Lillian Tucker Co. will give you one of the most laughable comedies ever seen on a Greensboro stage—"A Bachelor's Wife." It is fun from start to finish, for all classes and for all ages. Don't fail to go to the Academy tonight. Remember it is the last chance until Saturday to see this splendid company, and the prices are only 10, 20 and 30 cents.

GIRL TORTURED BY ROBBERS

To Make Her Reveal Hiding Place of Her Valuables.

TWELVE INJURED IN A WRECK.

The Striking Mill Operatives are Given Employment Undoing The Work of the Blizzard.

By Wire to THE TELEGRAM.

Delaware, O., Feb. 3.—Miss Nancy Fix is suffering from the brutal treatment to which she was subjected last night, at the hands of robbers who tortured her to make her reveal the hiding place of her valuables. She is wealthy. The robbers bound and gagged her. Unable to stand the torture, she disclosed the hiding place of her money and checks. The robbers secured \$900 in certificates and checks, and \$300 in cash. She may not recover.

STRIKERS SHOVEL SNOW.

By Wire to THE TELEGRAM.

New Bedford, Mass., Feb. 3.—The strikers were more happy than was expected as the result of the blizzard. Most of them were given employment removing the snow from the streets, and repairing the damage done by the storm. They get fair wages for the work.

A RAILWAY SMASH.

By Wire to THE TELEGRAM.

A railway smash occurred on the Boston and Maine railroad, at Winter Hill this morning. Twelve persons were injured, one of whom will die.

BIG MONEY.

By Wire to THE TELEGRAM.

Eleven Thousand and Four Hundred Dollars in Purse.

The Newbern, Washington, Greenville and Rocky Mount Fair Associations have arranged a circuit of four weeks racing and offer the large sum of eleven thousand and four hundred dollars in purses.

The classes range from four minutes to a free for all and the purses range from \$100 to \$500 each. The races of this circuit commence at Newbern on March 1st; Washington March 9th; Greenville March 18th and Rocky Mount March 23rd. There will be four days racing at each place. The entries for the first two races close on Feb. 12th and the last two on March 1st.

Mr. George Green is the Secretary of the Newbern Fair and Mr. R. L. Davis, of Washington, acts for the other three places.—Washington, N. C. Progress.

ANOTHER BAD \$100 BILL.

J. C. Agens, expert money counter at the Sub-Treasury, discovered another of the counterfeit \$100 silver certificates yesterday in a lot of currency received from the Garfield National Bank. The bill was an excellent specimen, and the important feature about it was that its numbering showed that a change had been made by the counterfeiter. In those of the counterfeits that had come to hand earlier the numbering began with "345" or "346." In the latest case it begins with "323." This is the fourth of the counterfeits to reach the Sub-Treasury in the course of ordinary business.

The list of possible witnesses is said to have been prepared. There will be no further meeting of the committee this week.

ANOTHER FRIENDLY CALL.

The secretary of the navy has selected another warship to make a "friendly visit" to Cuba. This is the cruiser Montgomery, now at Key West. Under recent orders from the department she will start tomorrow on a cruise in Cuban waters, stopping first at Matanzas, on the north coast of the island, near Havana, where she will remain a few days to exchange courtesies with the port officials, after which she will proceed around the east end of the island and visit the port of Santiago, on the southern coast of Cuba.—Washington Star.

ANOTHER WORLD'S FAIR.

By Wire to THE TELEGRAM.

Albany, N. Y., Feb. 3.—Senator McNulty introduced a bill today providing for world's fair at New York in 1901. It provides for the issuance of municipal stock to the amount of \$2,000,000.

THE JURY COMPLETED.

By Wire to THE TELEGRAM.

Wilkesbarre, Pa., Feb. 3.—The jury in the Martin case has been completed and the trial is going on in earnest today.

SENATOR MILLS A CANDIDATE.

By Wire to THE TELEGRAM.

Houston, Tex., Feb. 3.—Senator Mills announces himself a candidate for re-election to the United States Senate.

A BUM SHOW.

Robin Hood, Jr., the Worst Since "Fore de War."

Why the absurdity presented at the opera house last night should be called "Robin Hood, Jr.," is a problem. It might just as well have been called "Wang," "Mikado," "Pinafore" or any other name that could not be associated with it at all. There wasn't the most remote connection between Robin Hood—the pretty little opera—and the wretched hotch-potch that disgraced the boards last night. The only feature of the whole business to be admired was the immense amount of nerve the management and players had to come before a civilized community with such a show.

"Modern Beauty Show!"—that's a joke.

The whole thing was rotten from first to last. It was flat, stale and unprofitable. Not unfrequently were the "bright (?) salles," the "clever (?) burlesque," the "side-splitting hilarity (?) well-voiced (?) artists (?) met with hisses.

At the end of the first act every lady in the house left. It was a show for men only, but even they did not enjoy it.

Everybody was on a big disgust at first, but seeing that all were in the same boat, they began to treat the matter as a huge joke, and general abandon prevailed in the theatre after the ladies left. The women talked over the footlights to the men in the audience; played baseball with one or two and generally exceeded anything that

This is excellent weather for the harvesting of ice and red noses.

The reports do not say whether the tickets of the eastern touring party bear a Paris coupon or not.

It might be cheaper for the United States in the long run to just guarantee President Dole's salary.

J. Wiley Shook may now, with perfect propriety, be annexed to the editorial staff of the Hayseeder.

His Excellency seems to have reached the conclusion that it is not worth while to warn up Mr. Haneck.

King George, of Greece, encouraged by the illustrious example of President Dole, declares himself anxious to be rid of his country.

Senator Stewart of Nevada has made himself famous as an exhaler and now he is president of a company that manufactures inhalers.

The demeanor of the republican party when "monetary reform" is mentioned is suggestive of Mr. Irdecent Ingalls' "dog with wool in his teeth."

Louisiana having exhausted all other means of having the wave of prosperity break over her bows is preparing to call a constitutional convention.

It is to be hoped that in his efforts to be Senator, Governor Taylor was not influenced by the deficit in the Tennessee treasury from which his salary as Governor is to be paid.

Cashier Quinlan of the Chemical National bank of New York after gouging that institution for \$393,000 has resigned and made a full confession. The contrition of the casher in such circumstances is very touching.

Mr. Reed is human and is liable to err.—Washington Star.

Mr. Reed's afternoon contemporary misjudges him woefully. Mr. Reed is not human. In the eyes of democrats he is inhuman, and in the eyes of republicans he is superhuman.

Of all the refreshing things that have come to light of late the most spring-breezy is the assertion that Mr. Croaker wishes Mayor Harrison, of Chicago, nominated for president on the democratic ticket. It is enough to give a canine hysterical chuckle.

The trial of Sheriff Martin and his deputies for the shooting of the miners of Latimer, Pa., last fall has begun at Wilkesbarre. The result of the trial will be awaited with much interest. It is to determine in a measure whether an American court of law can be depended on to hold the scales of justice nicely poised or not. Few people who followed the particulars of the killing at the time believed Sheriff Martin acted with discretion. The trial should settle that; whether it will is the question.

The shallowness of Republican promises of monetary reform has been in nothing made more manifest than in the statement that the party will be satisfied with its action on the Teller resolution. What would the party have done if the enemy had not provided it with this opportunity to "go on record?" The declaration is contemptible in its shrinking cowardice. Not the condition of the country's finances, but the record of the republican party is the thing to be considered. The republican party is afraid of its shadow.

We reprint today from the Charlotte Observer a criticism of "Robin Hood, Jr.," as played in that city. We declined to print advance notices for the company because advised, by its past record, that it was just what the observer calls it, "bum." There is no excuse or apology for the existence of such aggregations. The "show for men only" is a show which a gentleman will, as a rule, avoid if he knows it beforehand. There is just now an epidemic of these low-class shows, recruited from the slums of the larger cities, in the south. Danville has one that is ending its engagement in the police court. They should be frozen out. It is a matter of genuine regret that this company should have found a stage on which to appear in Greensboro. Dirty drivel, stale jokes, schrechey songs of doubtful hue—these are the attractions. It is a pity that they cannot be welcomed by the police.

One-Cent-a-Word

[Advertisements inserted in this column at one cent per word for each insertion.]

WE HAVE in stock six or seven dozen pairs of men's shoes that are very slightly shopworn; part of them have been on hand since last fall, some longer. For all practical purposes these shoes are just as good as if they had just come out of the factory yesterday, but a little of the new is off, and we don't want them in the store any longer. Experience has taught us that the quickest way to clear out stock of this kind is to cut prices and sell them for less than they are worth. We have also learned that a slight cut in prices does not have the desired effect, consequently we have priced these shoes so low that it will be worth any man's while, who cares more for comfort and durability than he does for style, to come in and look them over and buy a pair or two. Ask to see the cut price shoes advertised in The Telegram, so we can tell whether Telegram ads do any good, and oblige. Thacker & Brockmann.

Big Tidal Wave in the Adriatic.

Venice Feb. 2—Reports have been received here of the tidal wave which visited the Istrian coast of the Adriatic on Jan. 24. The sea suddenly receded and flowed violently back.

This phenomenon was repeated several times, the retreating of the waters being accompanied by a thundering roar. Great numbers of dead fishes were cast upon the shore.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A pint of use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle. C. E. Holton's drug store.

Mrs. Joe Person's Remedy

Hopewell, Mecklenburg Co., N. C.
December 1, 1896.

Last June I was suffering terribly from some bladder trouble which was so severe and extreme that the physicians said an operation would have to be performed and the stone crushed. I dreaded it so much and had so much faith in Mrs. Joe Person's wash that I determined to try it first and see what it would do. I applied it three times a day and in thirty days the inflammation subsided, the swelling and enlargement was reduced and the stone passed without any trouble. The stone was large and no one can know except those who have so suffered what it was. I do not believe I could have stood an operation and believe I would have died had it not been for Mrs. Joe Person's Wash. If any one is suffering from this bladder trouble let them try it. My pain would be so great that I would have to put in a tub of hot water to relieve those terrible paroxysms of pain. It made a perfect cure of me. Oh, that everyone could realize what medicine is within reach and try it, how much suffering would be relieved. Mrs. Person herself does not say as much for the remedy as it deserves.

The Ragged Hero.

The weather was still nipping cold last night but a larger crowd were at the Academy to see "A Hero in Rags," than on the night before.

As a tramp the "Hero in Rags," Mr. Chas. C. Vaught was a great success, while Mr. Cecil Owen played the role of the villian to perfection. As on the former night the company sustained its reputation for clever acting.

Tonight the laughable comedy "A Bachelor's Wife" will be put on. Popular prices 10, 20 and 30 cents.

BRIEF LOCAL MATTERS.

A. L. Henley, of Burlington, was in the city this morning.

Geo. C. Cabell, Jr., of Danville, was in the city last night.

W. C. Ashworth, of Kernersville, was in the city last night.

Capt. B. J. Fisher and David Schenck Jr., returned today from Wilmington.

We regret to announce that Mr. Gaston W. Ward is confined to his home by sickness.

James H. Pou, of Raleigh, was in the city this morning returning from High Point to Raleigh.

Miss Daisy Vaughn, of Winston, was in the city last night, and took supper at the Benbow.

T. L. Farrow, of Dalton-Farrow Tobacco company, of Winston, was registered at The Allen today.

B. G. Worth, of Wilmington, was in the city at noon today returning from a visit to his brother, Dr. J. M. Worth at Asheboro.

A lot of good, solid men's shoes, very slightly shopworn, are advertised at greatly reduced prices by Thacker & Brockmann today.

The family of Mr. C. C. Townsend have moved to the city and occupy the Kirkpatrick place. The Telegram extends a cordial welcome.

Dr. M. W. Hobbs, oculist and aurist of Richmond, Ind., a former citizen of Guilford county, has a card in the penny ads. He can be found at Mr. W. D. McAdoo's office in the McAdoo hotel building.

The welcome news came up from Asheboro this morning that Dr. J. M. Worth is better. The doctor is getting quite old and it was feared that his illness would prove fatal. He has thousands of friends who will rejoice at the improvement in his condition.

Sol Lindau is just out from a slight attack of grip, we are glad to state, and his tongue goes off just as glib as formerly. He can describe the excellent quality of a can of preserves or jar of pickles in such a way that you "can't" almost taste it without taking the cover off.

Mrs. Lillian Shaff, nee Miss Lillian Arnold, of Washington, D. C., is visiting Mrs. P. Claxton, on West Market street. She will leave tomorrow noon for her home. She is the daughter of Rev. J. D. Arnold, of the Western North Carolina conference and has many friends in Greensboro.

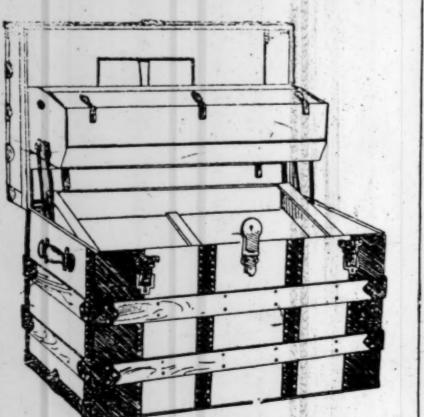

The fame of the Greensboro dramatic club is going abroad. In addition to their engagements in Danville, they have been requested to give two performances in Martinsville Va., for the benefit of the Confederate monument fund, under the auspices of the Ladies' Memorial association of Henry county.

The fire alarm about midnight last night was turned in from box 25. The fire was in a house belonging to Mr. D. E. Thomas, on Clinton street, occupied by a colored family. A bed, some bed covers and window curtains was all that was destroyed. The fire department were prompt as usual and the flames were quickly extinguished.

A novel sight to the onlookers about the depot today was a man clad in a long linen duster, who got off the north bound train and walked about the platform in an atmosphere cold enough to freeze the bones off a brass monkey. He evidently thought a good deal of the duster, as it was split in the back about half way up, so he could avoid sitting on it.

WHAT THE BOSTON PAPERS SAY

About the Trip of the Ball Players to Greensboro.

Harry Martin received a bundle of Boston papers of last Sunday this morning. All of them gave prominent notices of the ball team's practice trip to this place. Extracts are given below.

The Globe says:

Manager Selee called at The Globe office yesterday to confirm the news given out last Tuesday to the effect that the Boston league team would do their spring training at Greensboro N. C. next March.

The men will leave Boston by rail

March 19, and go direct to the North Carolina training quarters, where they will take ten days to loosen up. The Boston Journal says:

Manager Frank Selee made an official announcement yesterday that the Bostons would take their spring practice at Greensboro, N. C., thus verifying a news dispatch which appeared in the Journal last Tuesday.

Selee says that the team will report either March 19 or 21, and go directly to Greensboro. The first week there will be spent in limbering up and getting into condition. No games will be played in this interval.

During the second week in the South two nines will be made up of members of the team and several games will be played. It is possible that games will be scheduled at Charlotte and several other places about Greensboro.

The Boston Post says:

The system of training will include a start from the hotel, in baseball dogs and sweaters, of the athletes each day, to the grounds, and there, for the first week or ten days, practice in batting, fielding and the general conditioning of the men for strength and wind will be the outline.

The weather should be settled when they arrive there, and the inland position of the city should enable the Bostons to get a limbering-up season second to none of the great league clubs.

The Boston Herald says:

The Bostons will leave here about March 19 and go to Greensboro, N. C., where they will remain until about April 1.

The first week will be spent in light practice, and the team will not play any games until the members are in good condition. No chance will be taken which might tend to weaken the players for their season's work. Close attention will be paid to strengthening the pitchers, and none will be allowed to take on hard work until they are in first-class condition.

While at Greensboro a series of five games will be played between the regular team and the spare players, with some local talent to fill in. These games should furnish good practice and prove first-class exhibitions.

Manager Selee says that he is much pleased that arrangements have been made for spring practice at Greensboro. During the club's stay there the members will put up at the Benbow House, where first-class accommodations have been secured.

It was not until yesterday that definite arrangements were made for taking the team to Greensboro.

Red Buck Comes Back.

Mr. H. E. C. Bryant, familiarly and graphically known throughout North Carolina as "Reddy," has returned to journalism and to the Charlotte Observer whose special correspondent he was before giving up journalism to accept the management of the Washington branch of Keeley Institute. Mr. Bryant came down on the Washington and Southwest vestibule limited last night and, as of old, could not pass through Greensboro without stopping. He went on to Charlotte this morning. Mr. Bryant while in Washington made many friends and grew a characteristic growth of whiskers. We happen to know that "Reddy" had the offer of going with several of the large northern papers while at the capital but preferred to return to his first love. Both Mr. Bryant and the Observer are to be congratulated.
